Foundation Laying Ceremony

Local MP John Howell, Thame Mayor Adam Buckland, and Chairman of SODC Mike Welply were amongst 50 dignitaries from the FA, Oxon FA, Football Foundation and County, District and Town Councils attending the official Foundation Laying Ceremony at Meadow View Park last Friday. Under a perfect cloudless sky and following speeches of thanks from Jake Collinge (TFP & Thame United FC) John Howell (MP), Kevin Underwood (Buckingham Group) and Mayor Adam Buckland the party were taken to the main building where a foundation block was laid

With the help of John Howell MP and the newly elected Chairman of South Oxfordshire District Council, Mike Welply, the Mayor carried out his first official function in Thame, on what was an historic day for Thame football followed by a tour of the facility showing the main stadium pitch and the other facilities at the 20 acre site

The pitch levels at the site are now virtually completed and the block work for the walls has commenced so the Main clubhouse will start to take shape quite quickly over the next few weeks.

Frank Thompson stated, “we are really pleased to get to this stage already and it was

a really nice way to get everyone who have been so instrumental in getting this community project together to see the current status”. It looks really impressive now and we are all very excited about having the facility ready in the Autumn. To find out more about the project simply log onto www.thamefootball.co.uk
